Dear Scott Schmidl,

As you know, Galvanize's immersive educational programs are currently being delivered **live-online** due to the ongoing public health crisis related to COVID-19. Our state regulators require that students agree in writing to this change in delivery method prior to the commencement of the program.

Please find attached an addendum to your enrollment agreement that details the change from in-person delivery to live-online delivery. We require your agreement in order for you to continue your current enrollment.

If you decline to agree to this change, you can do so by clicking the "*Other Actions*" menu in Docusign and specify "*Decline to Sign.*" Under these circumstances, unfortunately you **would not be permitted** to start the live-online program on 06/29/2020, and we would need you to select from one of the following options;

- 1. Cancel Enrollment - You are eligible for a full refund of any fees that you have paid to date if you elect to cancel your enrollment prior to the start date;**
- 2. Defer Start Date - You have the option to defer your enrollment to a subsequent cohort at no additional cost.**

We ask that you execute this addendum or inform us otherwise at your earliest convenience. If you have any questions relating to this request, please contact us at regulatory@galvanize.com.

Warm Regards,

Galvanize Regulatory Team
